Distr.: General
31 July 2006

Resolution 1696 (2006)

**Adopted by the Security Council at its 5500th meeting, on
31 July 2006**

The Security Council,

Recalling the Statement of its President, S/PRST/2006/15, of 29 March 2006,

Reaffirming its commitment to the Treaty on the Non-proliferation of Nuclear Weapons, and recalling the right of States Party, in conformity with Articles I and II of that Treaty, to develop research, production and use of nuclear energy for peaceful purposes without discrimination,

Noting with serious concern the many reports of the IAEA Director General and resolutions of the IAEA Board of Governors related to Iran's nuclear programme, reported to it by the IAEA Director General, including IAEA Board resolution GOV/2006/14,

Noting with serious concern that the IAEA Director General's report of 27 February 2006 (GOV/2006/15) lists a number of outstanding issues and concerns on Iran's nuclear programme, including topics which could have a military nuclear dimension, and that the IAEA is unable to conclude that there are no undeclared nuclear materials or activities in Iran,

Noting with serious concern the IAEA Director General's report of 28 April 2006 (GOV/2006/27) and its findings, including that, after more than three years of Agency efforts to seek clarity about all aspects of Iran's nuclear programme, the existing gaps in knowledge continue to be a matter of concern, and that the IAEA is unable to make progress in its efforts to provide assurances about the absence of undeclared nuclear material and activities in Iran,

Noting with serious concern that, as confirmed by the IAEA Director General's report of 8 June 2006 (GOV/2006/38) Iran has not taken the steps required of it by the IAEA Board of Governors, reiterated by the Council in its statement of 29 March and which are essential to build confidence, and in particular Iran's decision to resume enrichment-related activities, including research and development, its recent expansion of and announcements about such activities, and its continued suspension of cooperation with the IAEA under the Additional Protocol,

Emphasizing the importance of political and diplomatic efforts to find a negotiated solution guaranteeing that Iran's nuclear programme is exclusively for peaceful purposes, and *noting* that such a solution would benefit nuclear non-proliferation elsewhere,

Welcoming the statement by the Foreign Minister of France, Philippe Douste-Blazy, on behalf of the Foreign Ministers of China, France, Germany, the Russian Federation, the United Kingdom, the United States and the High Representative of the European Union, in Paris on 12 July 2006 (S/2006/573),

Concerned by the proliferation risks presented by the Iranian nuclear programme, *mindful* of its primary responsibility under the Charter of the United Nations for the maintenance of international peace and security, and *being determined* to prevent an aggravation of the situation,

Acting under Article 40 of Chapter VII of the Charter of the United Nations in order to make mandatory the suspension required by the IAEA,

1. *Calls upon* Iran without further delay to take the steps required by the IAEA Board of Governors in its resolution GOV/2006/14, which are essential to build confidence in the exclusively peaceful purpose of its nuclear programme and to resolve outstanding questions;

2. *Demands*, in this context, that Iran shall suspend all enrichment-related and reprocessing activities, including research and development, to be verified by the IAEA;

3. *Expresses* the conviction that such suspension as well as full, verified Iranian compliance with the requirements set out by the IAEA Board of Governors, would contribute to a diplomatic, negotiated solution that guarantees Iran's nuclear programme is for exclusively peaceful purposes, *underlines* the willingness of the international community to work positively for such a solution, *encourages* Iran, in conforming to the above provisions, to re-engage with the international community and with the IAEA, and *stresses* that such engagement will be beneficial to Iran;

4. *Endorses*, in this regard, the proposals of China, France, Germany, the Russian Federation, the United Kingdom and the United States, with the support of the European Union's High Representative, for a long-term comprehensive arrangement which would allow for the development of relations and cooperation with Iran based on mutual respect and the establishment of international confidence in the exclusively peaceful nature of Iran's nuclear programme (S/2006/521);

5. *Calls upon* all States, in accordance with their national legal authorities and legislation and consistent with international law, to exercise vigilance and prevent the transfer of any items, materials, goods and technology that could contribute to Iran's enrichment-related and reprocessing activities and ballistic missile programmes;

6. *Expresses* its determination to reinforce the authority of the IAEA process, strongly supports the role of the IAEA Board of Governors, *commends and encourages* the Director General of the IAEA and its secretariat for their ongoing professional and impartial efforts to resolve all remaining outstanding issues in Iran within the framework of the Agency, *underlines* the necessity of the IAEA continuing its work to clarify all outstanding issues relating to Iran's nuclear programme, and *calls upon* Iran to act in accordance with the provisions of the

Additional Protocol and to implement without delay all transparency measures as the IAEA may request in support of its ongoing investigations;

7. *Requests* by 31 August a report from the Director General of the IAEA primarily on whether Iran has established full and sustained suspension of all activities mentioned in this resolution, as well as on the process of Iranian compliance with all the steps required by the IAEA Board and with the above provisions of this resolution, to the IAEA Board of Governors and in parallel to the Security Council for its consideration;

8. *Expresses* its intention, in the event that Iran has not by that date complied with this resolution, then to adopt appropriate measures under Article 41 of Chapter VII of the Charter of the United Nations to persuade Iran to comply with this resolution and the requirements of the IAEA, and *underlines* that further decisions will be required should such additional measures be necessary;

9. *Confirms* that such additional measures will not be necessary in the event that Iran complies with this resolution;

10. *Decides* to remain seized of the matter.

* Reissued for technical reasons.

1696 (2006) and which are essential to build confidence, and *deploring* Iran's refusal to take these steps,

Emphasizing the importance of political and diplomatic efforts to find a negotiated solution guaranteeing that Iran's nuclear programme is exclusively for peaceful purposes, and *noting* that such a solution would benefit nuclear non-proliferation elsewhere, and *welcoming* the continuing commitment of China, France, Germany, the Russian Federation, the United Kingdom and the United States, with the support of the European Union's High Representative to seek a negotiated solution,

Concerned by the proliferation risks presented by the Iranian nuclear programme and, in this context, by Iran's continuing failure to meet the requirements of the IAEA Board of Governors and to comply with the provisions of Security Council resolution 1696 (2006), *mindful* of its primary responsibility under the Charter of the United Nations for the maintenance of international peace and security,

Acting under Article 41 of Chapter VII of the Charter of the United Nations,

5. *Decides* that, for the supply, sale or transfer of all items, materials, equipment, goods and technology covered by documents S/2006/814 and S/2006/815 the export of which to Iran is not prohibited by subparagraphs 3 (b), 3 (c) or 4 (a) above, States shall ensure that:

Annex II

Elements of a long-term agreement

Our goal is to develop relations and cooperation with Iran, based on mutual respect and the establishment of international confidence in the exclusively peaceful nature of the nuclear programme of the Islamic Republic of Iran. We propose a fresh start in the negotiation of a comprehensive agreement with Iran. Such an agreement would be deposited with the International Atomic Energy Agency (IAEA) and endorsed in a Security Council resolution.

To create the right conditions for negotiations,

We will:

- Reaffirm Iran's right to develop nuclear energy for peaceful purposes in conformity with its obligations under the Treaty on the Non-Proliferation of Nuclear Weapons (hereinafter, NPT), and in this context reaffirm our support for the development by Iran of a civil nuclear energy programme.
- Commit to support actively the building of new light water reactors in Iran through international joint projects, in accordance with the IAEA statute and NPT.
- Agree to suspend discussion of Iran's nuclear programme in the Security Council upon the resumption of negotiations.

Iran will:

- Commit to addressing all of the outstanding concerns of IAEA through full cooperation with IAEA.
- Suspend all enrichment-related and reprocessing activities to be verified by IAEA, as requested by the IAEA Board of Governors and the Security Council, and commit to continue this during these negotiations.
- Resume the implementation of the Additional Protocol.

Areas of future cooperation to be covered in negotiations on a long-term agreement

1. Nuclear

We will take the following steps:

Iran's rights to nuclear energy

- Reaffirm Iran's inalienable right to nuclear energy for peaceful purposes without discrimination and in conformity with articles I and II of NPT, and cooperate with Iran in the development by Iran of a civil nuclear power programme.
- Negotiate and implement a Euratom/Iran nuclear cooperation agreement.

Light water reactors

- Actively support the building of new light water power reactors in Iran through international joint projects, in accordance with the IAEA statute and NPT, using state-of-the-art technology, including by authorizing the transfer of necessary goods and the provision of advanced technology to make its power reactors safe against earthquakes.
- Provide cooperation with the management of spent nuclear fuel and radioactive waste through appropriate arrangements.

Research and development in nuclear energy

- Provide a substantive package of research and development cooperation, including possible provision of light water research reactors, notably in the fields of radioisotope production, basic research and nuclear applications in medicine and agriculture.

Fuel guarantees

- Give legally binding, multilayered fuel assurances to Iran, based on:
 - Participation as a partner in an international facility in Russia to provide enrichment services for a reliable supply of fuel to Iran's nuclear reactors. Subject to negotiations, such a facility could enrich all uranium hexafluoride (UF₆) produced in Iran.
 - Establishment on commercial terms of a buffer stock to hold a reserve of up to five years' supply of nuclear fuel dedicated to Iran, with the participation and under supervision of IAEA.
 - Development with IAEA of a standing multilateral mechanism for reliable access to nuclear fuel, based on ideas to be considered at the next meeting of the Board of Governors.

Review of moratorium

The long-term agreement would, with regard to common efforts to build international confidence, contain a clause for review of the agreement in all its aspects, to follow:

- Confirmation by IAEA that all outstanding issues and concerns reported by it, including those activities which could have a military nuclear dimension, have been resolved;
- Confirmation that there are no undeclared nuclear activities or materials in Iran and that international confidence in the exclusively peaceful nature of Iran's civil nuclear programme has been restored.

2. Political and economic

Regional security cooperation

Support for a new conference to promote dialogue and cooperation on regional security issues.

International trade and investment

Improving Iran's access to the international economy, markets and capital, through practical support for full integration into international structures, including the World Trade Organization and to create the framework for increased direct investment in Iran and trade with Iran (including a trade and economic cooperation agreement with the European Union). Steps would be taken to improve access to key goods and technology.

Civil aviation

Civil aviation cooperation, including the possible removal of restrictions on United States and European manufacturers in regard to the export of civil aircraft to Iran, thereby widening the prospect of Iran renewing its fleet of civil airliners.

Energy partnership

Establishment of a long-term energy partnership between Iran and the European Union and other willing partners, with concrete and practical applications.

Telecommunications infrastructure

Support for the modernization of Iran's telecommunication infrastructure and advanced Internet provision, including by possible removal of relevant United States and other export restrictions.

High technology cooperation

Cooperation in fields of high technology and other areas to be agreed upon.

Agriculture

Support for agricultural development in Iran, including possible access to United States and European agricultural products, technology and farm equipment.

**Security Council**

Distr.: General
3 March 2008

Resolution 1803 (2008)

**Adopted by the Security Council at its 5848th meeting,
on 3 March 2008**

The Security Council,

Recalling the Statement of its President, S/PRST/2006/15, of 29 March 2006, and its resolution 1696 (2006) of 31 July 2006, its resolution 1737 (2006) of 23 December 2006 and its resolution 1747 (2007) of 24 March 2007, and *reaffirming* their provisions,

Reaffirming its commitment to the Treaty on the Non-Proliferation of Nuclear Weapons, the need for all States Party to that Treaty to comply fully with all their obligations, and recalling the right of States Party, in conformity with Articles I and II of that Treaty, to develop research, production and use of nuclear energy for peaceful purposes without discrimination,

Recalling the resolution of the IAEA Board of Governors (GOV/2006/14), which states that a solution to the Iranian nuclear issue would contribute to global non-proliferation efforts and to realizing the objective of a Middle East free of weapons of mass destruction, including their means of delivery,

Noting with serious concern that, as confirmed by the reports of 23 May 2007 (GOV/2007/22), 30 August 2007 (GOV/2007/48), 15 November 2007 (GOV/2007/58) and 22 February 2008 (GOV/2008/4) of the Director General of the International Atomic Energy Agency (IAEA), Iran has not established full and sustained suspension of all enrichment related and reprocessing activities and heavy water-related projects as set out in resolution 1696 (2006), 1737 (2006), and 1747 (2007), nor resumed its cooperation with the IAEA under the Additional Protocol, nor taken the other steps required by the IAEA Board of Governors, nor complied with the provisions of Security Council resolution 1696 (2006), 1737 (2006) and 1747 (2007) and which are essential to build confidence, and *deploring* Iran's refusal to take these steps,

Noting with concern that Iran has taken issue with the IAEA's right to verify design information which had been provided by Iran pursuant to the modified Code 3.1, *emphasizing* that in accordance with Article 39 of Iran's Safeguards Agreement Code 3.1 cannot be modified nor suspended unilaterally and that the Agency's right to verify design information provided to it is a continuing right,

which is not dependent on the stage of construction of, or the presence of nuclear material at, a facility,

Reiterating its determination to reinforce the authority of the IAEA, strongly supporting the role of the IAEA Board of Governors, *commending* the IAEA for its efforts to resolve outstanding issues relating to Iran's nuclear programme in the work plan between the Secretariat of the IAEA and Iran (GOV/2007/48, Attachment), *welcoming* the progress in implementation of this work plan as reflected in the IAEA Director General's reports of 15 November 2007 (GOV/2007/58) and 22 February 2008 (GOV/2008/4), *underlining* the importance of Iran producing tangible results rapidly and effectively by completing implementation of this work plan including by providing answers to all the questions the IAEA asks so that the Agency, through the implementation of the required transparency measures, can assess the completeness and correctness of Iran's declaration,

Expressing the conviction that the suspension set out in paragraph 2 of resolution 1737 (2006) as well as full, verified Iranian compliance with the requirements set out by the IAEA Board of Governors would contribute to a diplomatic, negotiated solution, that guarantees Iran's nuclear programme is for exclusively peaceful purposes,

Stressing that China, France, Germany, the Russian Federation, the United Kingdom and the United States are willing to take further concrete measures on exploring an overall strategy of resolving the Iranian nuclear issue through negotiation on the basis of their June 2006 proposals (S/2006/521), and *noting* the confirmation by these countries that once the confidence of the international community in the exclusively peaceful nature of Iran's nuclear programme is restored, it will be treated in the same manner as that of any Non-Nuclear Weapon State party to the Treaty on the Non-Proliferation of Nuclear Weapons,

Having regard to States' rights and obligations relating to international trade,

Welcoming the guidance issued by the Financial Actions Task Force (FATF) to assist States in implementing their financial obligations under resolution 1737 (2006),

Determined to give effect to its decisions by adopting appropriate measures to persuade Iran to comply with resolution 1696 (2006), resolution 1737 (2006), resolution 1747 (2007) and with the requirements of the IAEA, and also to constrain Iran's development of sensitive technologies in support of its nuclear and missile programmes, until such time as the Security Council determines that the objectives of these resolutions have been met,

Concerned by the proliferation risks presented by the Iranian nuclear programme and, in this context, by Iran's continuing failure to meet the requirements of the IAEA Board of Governors and to comply with the provisions of Security Council resolutions 1696 (2006), 1737 (2006) and 1747 (2007), *mindful* of its primary responsibility under the Charter of the United Nations for the maintenance of international peace and security,

Acting under Article 41 of Chapter VII of the Charter of the United Nations,

1. *Reaffirms* that Iran shall without further delay take the steps required by the IAEA Board of Governors in its resolution GOV/2006/14, which are essential to

2. *Welcomes* the agreement between Iran and the IAEA to resolve all outstanding issues concerning Iran's nuclear programme and progress made in this regard as set out in the Director General's report of 22 February 2008 (GOV/2008/4), *encourages* the IAEA to continue its work to clarify all outstanding issues, *stresses* that this would help to re-establish international confidence in the exclusively peaceful nature of Iran's nuclear programme, and *supports* the IAEA in strengthening its safeguards on Iran's nuclear activities in accordance with the Safeguards Agreement between Iran and the IAEA;

3. *Calls upon* all States to exercise vigilance and restraint regarding the entry into or transit through their territories of individuals who are engaged in, directly associated with or providing support for Iran's proliferation sensitive nuclear activities or for the development of nuclear weapon delivery systems, and *decides* in this regard that all States shall notify the Committee established pursuant to paragraph 18 of resolution 1737 (2006) (herein "the Committee") of the entry into or transit through their territories of the persons designated in the Annex to resolution 1737 (2006), Annex I to resolution 1747 (2007) or Annex I to this resolution, as well as of additional persons designated by the Security Council or the Committee as being engaged in, directly associated with or providing support for Iran's proliferation sensitive nuclear activities or for the development of nuclear weapon delivery systems, including through the involvement in procurement of the prohibited items, goods, equipment, materials and technology specified by and under the measures in paragraphs 3 and 4 of resolution 1737 (2006), except where such entry or transit is for activities directly related to the items in subparagraphs 3 (b) (i) and (ii) of resolution 1737 (2006);

4. *Underlines* that nothing in paragraph 3 above requires a State to refuse its own nationals entry into its territory, and that all States shall, in the implementation of the above paragraph, take into account humanitarian considerations, including religious obligations, as well as the necessity to meet the objectives of this resolution, resolution 1737 (2006) and resolution 1747 (2007), including where Article XV of the IAEA Statute is engaged;

5. *Decides* that all States shall take the necessary measures to prevent the entry into or transit through their territories of individuals designated in Annex II to this resolution as well as of additional persons designated by the Security Council or the Committee as being engaged in, directly associated with or providing support for Iran's proliferation sensitive nuclear activities or for the development of nuclear weapon delivery systems, including through the involvement in procurement of the prohibited items, goods, equipment, materials and technology specified by and under the measures in paragraphs 3 and 4 of resolution 1737 (2006), except where such entry or transit is for activities directly related to the items in subparagraphs 3 (b) (i) and (ii) of resolution 1737 (2006) and provided that nothing in this paragraph shall oblige a State to refuse its own nationals entry into its territory;

6. *Decides* that the measures imposed by paragraph 5 above shall not apply where the Committee determines on a case-by-case basis that such travel is justified

on the grounds of humanitarian need, including religious obligations, or where the Committee concludes that an exemption would otherwise further the objectives of the present resolution;

7. *Decides* that the measures specified in paragraphs 12, 13, 14 and 15 of resolution 1737 (2006) shall apply also to the persons and entities listed in Annexes I and III to this resolution, and any persons or entities acting on their behalf or at their direction, and to entities owned or controlled by them and to persons and entities determined by the Council or the Committee to have assisted designated persons or entities in evading sanctions of, or in violating the provisions of, this resolution, resolution 1737 (2006) or resolution 1747 (2007);
